### I. POLICY

Unless otherwise specifically excepted, the adjudication of the following types of care is subject to the following authorization requirements:

A. Adjunctive dental care must be preauthorized.

B. **Extended Care Health Option (ECHO)** benefits must be authorized **in accordance with Chapter 9, Section 4.1.**

C. Effective October 1, 1991, preadmission and continued stay authorization is required before nonemergency inpatient mental health services may be cost-shared (includes Residential Treatment Center care and alcoholism detoxification and rehabilitation). Effective September 29, 1993, preadmission and continued stay authorization is also required for all care in a partial hospitalization program.

D. Effective November 18, 1991, psychoanalysis must be preauthorized.

E. The Executive Director, TMA, or designee, may require preauthorization of admission to inpatient facilities.

F. Organ and stem cell transplants are required to be preauthorized. For organ and stem cell transplants, the preauthorization shall remain in effect as long as the beneficiary continues to meet the specific transplant criteria set forth in this Policy Manual, or until the approved transplant occurs.

G. Each TRICARE Regional Managed Care Support (MCS) contractor may require additional care authorizations not identified in this section. Such authorization requirements may differ between regions. Beneficiaries and providers are responsible for contacting their contractor for a listing of additional regional authorization requirements.

NOTE: When a beneficiary has "other insurance" that provides primary coverage, preauthorization requirements in [paragraph I.G.](#) will not apply. Any medically necessary reviews the MCS contractor believes are necessary, to act as a secondary payor, shall be performed on a retrospective basis. The conditions for applying this exception are the same as applied to the NAS exception in [Chapter 1, Section 6.1, paragraph III.A.](#)

**TRICARE POLICY MANUAL 6010.54-M, AUGUST 1, 2002**

II. EXCEPTION

Effective October 1, 2003, TRICARE's preadmission and continued stay authorization is not required for inpatient mental health care for Medicare-TRICARE dual eligibles for the period when Medicare is primary payer and has authorized the care. Once Medicare inpatient mental health benefits have been exhausted, TRICARE's preadmission and continued stay requirements apply.
