

TRICARE AREA OFFICE (TAO) DIRECTOR REQUIREMENTS

ISSUE DATE: September 20, 1996

AUTHORITY: [32 CFR 199.17](#)

I. BACKGROUND

A major goal of TRICARE Overseas Program (TOP) is to establish a uniform benefit program for all TOP beneficiaries to the greatest extent possible. Because local conditions vary, TOP TAO Directors or their designees have the authority and responsibility to tailor some aspects of the TOP to the requirements of the specific overseas region. TOP TAO Directors may have contracts which reflect these unique situations.

II. POLICY

In support of the TOP, the TAO Directors have the authority to seek contract support for services necessary to satisfy TOP related requirements within their jurisdiction except for claims adjudication. The TAO Directors may contract directly for support services or include their requirements in their regional contracts. Additionally, the overseas TAO Directors or their designees are responsible for:

A. Educating the TOP eligible beneficiaries on the specific requirements/benefits/**Point of Service (POS) option** of the TOP. Encouraging overseas beneficiaries when traveling to CONUS to utilize CONUS **Military Treatment Facility (MTFs)** and current CONUS TRICARE network providers whenever possible.

B. For implementation of all enrollment/disenrollment/portability policies for all TOP eligible beneficiaries into DEERS.

C. Registering and assuring that those who are eligible are registered in the Extended Care Health Option (ECHO) and authorizing ECHO benefits to the extent those are available overseas.

D. Development of a TRICARE overseas host nation Preferred Provider Network (PPN) and ongoing certification/recertification of host nation providers. See [Enclosure 1](#) for a sample of overseas TAO Director TOP PPN Agreement.

E. Assisting in educating/assisting host nation providers to understand the specific coverage, billing, and claim filing requirements of TOP.
