

## BENEFITS AND BENEFICIARY PAYMENTS

ISSUE DATE: September 20, 1996

AUTHORITY: [32 CFR 199.17](#)

---

### I. POLICY

A. TOP Prime, TOP Standard and TOP TRICARE for Life (TFL) services and supplies which otherwise fall within the range of TRICARE benefits, including enhanced benefits, prescription drugs and durable medical equipment may be approved for coverage under the TRICARE Overseas Program (TOP) when the diagnosis or description of illness supports the reasonableness of the procedure and is commonly accepted practice in a host country or region:

B. A nonavailability statement (NAS) as provided in [Chapter 1, Section 6.1](#) is **needed** for non-emergency inpatient mental health care when the beneficiary resides within an overseas catchment area (usually a 40 mile radius) of a Uniformed Services Medical Treatment Facility (USMTF). The requirement for NAS does not apply to TOP Prime enrollees and is replaced with a care authorization from the **Primary Care Manager (PCM)** (**TGRO/TPRC may act as a PCM for a care authorization**).

NOTE: Overseas catchment areas for MTFs outside the United States are defined in the Catchment Area Directory Overseas, or maps provided by the Military Department. An NAS issued by an MTF outside the United States will not be valid for care received in a civilian facility within the United States. Also an NAS issued by the MTF inside the United States will not be valid for care received in a civilian facility outside the United States.

C. Payment/processing of TOP beneficiary stateside (**CONUS**) claims for health care will follow the payment procedures outlined in the TRICARE Reimbursement Manual (**TRM**), [Chapter 2, Section 1](#).

D. Waiver of rigid application by the Managed Care Support Contractor (MCSC) (**hereinafter known as "claims processing contractor"**) of the requirements for processing/review of claims has been granted by the TMA Director to overcome variations between U.S. standards of health care practice and standards of health care practice in foreign countries. Examples of these variations are: 1) TOP host nation providers, network and non-network are not required to meet all TRICARE provider certification requirements to become a TOP host nation authorized provider; or 2) charges from taxi companies for driving physicians to accidents or private residences.

TRICARE POLICY MANUAL 6010.54-M, AUGUST 1, 2002

CHAPTER 12, SECTION 2.1

BENEFITS AND BENEFICIARY PAYMENTS

E. Payment/processing of TOP claims will follow the procedures outlined in this chapter and to the extent possible claims processing guidelines outlined in the TRICARE Operations Manual (TOM).

F. Payment/processing of TRICARE Global Remote Overseas (TGRO) and TPRC healthcare contractor claims will follow the procedures/process outlined in this chapter.

G. The overseas claims processing contractor shall not reimburse claims for overseas care determined to be unproven as defined in 32 CFR 199 or if this manual explicitly excludes or limit coverages of the service/supply. Additionally, the overseas claims processing contractor shall only reimburse overseas care determined to be care medically necessary/appropriate as defined under TRICARE.

H. Copayments under the TOP shall be as follows:

1. TOP Standard Program deductibles and cost-share amounts are defined in 32 CFR 199.4. They are identical to those applied under the CONUS TRICARE Standard Program.

2. There is no TOP Extra Program.

3. TOP Prime has no enrollment fees, and deductibles and copayment are waived except for TOP Prime active duty family members (ADFM)s who receive care under the Point of Service (POS) option and pharmacy services in CONUS and U.S. Territories where TRICARE Retail Pharmacy (TRRx) services are available. Waiver of copayment and deductibles under TOP Prime are subject to review/ updating based on enrollment status. See paragraph II. below for additional information on the benefits and costs under the TOP.

4. The Extended Care Health Option (ECHO) sponsor/beneficiary cost-share liability outlined in 32 CFR 199.5 is applicable under the TOP (see Chapter 9, Section 16.1).

II. BENEFITS AND BENEFICIARY PAYMENTS UNDER THE TOP

These charts are not intended to be a comprehensive listing of all services covered under the TOP or TRICARE. All care is subject to review for medical necessity and appropriateness.

A. TOP Prime Annual Enrollment Fees/Deductibles
