Travel reimbursements allowed under paragraphs 1.1 through 1.4 will be reimbursed in accordance with the Joint Travel Regulations (JTR). Travel reimbursement claims must be filed no later than one year after the qualifying travel date (exceptions may be made for patients eligible for travel reimbursement under paragraph 1.4). Travel expenses will not be authorized for non-medically necessary elective procedures or non-covered benefits. The contractor shall provide a report with any information needed to assist in validating beneficiary trip qualification requirements for TRICARE Prime travel reimbursement.
