

## Residential Treatment Center (RTC) Standards

Issue Date: June 13, 2017

Authority: [32 CFR 199.6\(b\)\(4\)\(vii\)](#)

---

### 1.0 ISSUE

RTC Standards.

### 2.0 DESCRIPTION

An RTC is a facility or a distinct part of a facility that provides to beneficiaries under 21 years of age a medically supervised, interdisciplinary program of mental health treatment. An RTC is appropriate for patients whose predominant symptom presentation is essentially stabilized, although not resolved, and who have persistent dysfunction in major life areas. Residential treatment may be complemented by family therapy and case management for community based resources. Discharge planning should support transitional care for the patient and family, to include resources available in the geographic area where the patient will be residing. The extent and pervasiveness of the patient's problems require a protected and highly structured therapeutic environment.

### 3.0 POLICY

**3.1** The RTC program must be under the general direction of a licensed TRICARE authorized physician employed by the RTC to ensure medication and physical needs of all the patients are considered.

**3.2** In order for an RTC to be authorized, the RTC shall comply with the following requirements:

**3.2.1** An RTC shall be currently accredited by the Joint Commission (TJC), the Commission on Accreditation of Rehabilitation Facilities (CARF), the Council on Accreditation (CoA), or an accrediting organization approved by the Director, Defense Health Agency (DHA). The regional contractor may submit, via the TRICARE Regional Office (TRO), additional accrediting organizations for TRICARE authorization, subject to approval by the Director, DHA.

**3.2.2** The RTC must be licensed as an RTC to provide RTC services within the applicable jurisdiction in which it operates.

**Note:** Where different certification, accreditation, or licensing standards exist, the more exacting standard applies. Regulations take precedence over standards, and standards take precedence over participation agreements.

**TRICARE Policy Manual 6010.57-M, February 1, 2008**

Chapter 11, Section 2.9

Residential Treatment Center (RTC) Standards

---

**3.2.3** The RTC shall accept the allowable RTC rate, as provided in [32 CFR 199.14\(f\)](#) and the TRICARE Reimbursement Manual (TRM), [Chapter 7, Section 4, paragraph 3.5](#) as payment in full for services provided.

**3.2.4** The RTC shall comply with all requirements applicable to institutional providers generally concerning preauthorization, concurrent care review, claims processing, beneficiary liability, double coverage, utilization and quality review, and other matters.

**3.2.5** The RTC shall not be considered an authorized provider nor may any benefits be paid to the facility for any services provided prior to the date the facility is approved by the Director, DHA, or designee.

**3.2.6** All RTC services and supplies shall be provided by trained, licensed staff. All mental health services must be provided by an authorized mental health provider. This includes all diagnostic services, psychotherapy, psychological testing, and patient assessment.

**3.2.7** The RTC must enter into a written participation agreement with the Director, DHA, or designee. (See [Section 12.3](#) and [Addendum E](#).)
