

## Benefits And Beneficiary Payments Under The TRICARE Program

---

Beneficiary copayments (i.e., beneficiary payments expressed as a specified amount) and enrollment fees may be updated for inflation annually (cumulative effect applied and rounded to the nearest whole dollar) by the national Urban Consumer Price Index (CPI-U) medical index (the medical component of the CPI-U). Beneficiary cost-shares (i.e., beneficiary payments expressed as a percentage of the provider’s fee) will not be similarly updated.

These charts are not intended to be a comprehensive listing of all services covered under TRICARE. All care is subject to review for medical necessity and appropriateness:

### 1.0 TRICARE PRIME PROGRAM ANNUAL ENROLLMENT FEES

Does not apply to the TRICARE Extra Program (also see [paragraph 5.0](#), “Point of Service (POS) Option”):

**EXCEPTIONS:**

1. Effective March 26, 1998, the enrollment fee is waived for those beneficiaries who are eligible for Medicare on the basis of disability or end stage renal disease and who maintain enrollment in Part B of Medicare.
2. Effective Fiscal Year (FY) 2012, beneficiaries who are (1) survivors of active duty deceased sponsors, or (2) medically retired Uniformed Services members and their dependents, shall have their Prime enrollment fees frozen at the rate in effect when classified and enrolled in a fee paying Prime plan. (This does not include TRICARE Young Adult (TYA) plans). Beneficiaries in these two categories who were enrolled in FY 2011 will continue paying the FY 2011 rate. The beneficiaries who become eligible in either category and enroll during FY 2012, or in any future fiscal year, shall have their fee frozen at the rate in effect at the time of enrollment in Prime. The fee for these beneficiaries shall remain frozen as long as at least one family member remains enrolled in Prime. The fee for the dependent(s) of a medically retired Uniformed Services member shall not change if the dependent(s) is later re-classified a survivor.
